Local Food Ecosystem

The horticulture sector holds significant importance in the Union Territory (UT) as it serves as a vital contributor to the economy and a major source of livelihood for a substantial portion of the population. J&K is renowned globally for its diverse range of horticultural products, known for their exceptional quality and taste. In the temperate regions, fruit crops such as apples, almonds, walnuts, pears, cherries, and apricots are cultivated, while lower plain districts yield mangoes, citrus fruits, litchis, papayas, guavas, and more. The cultivation of saffron in Jammu and Kashmir stands out unique and is renowned worldwide for its colour and aroma. Jammu and Kashmir, with its 3 distinct agro-climatic zones , facilitates the cultivation of exclusive crops like Saffron, Berries, Figs, and a special variety of rice called MuskhBudji. The MuskhBudji variety offers a delightful combination of taste, aroma, and rich organoleptic properties. Additionally, the region holds the distinction of being India's largest producer of Apples, Walnuts, Cherries, and Almonds. It is also home to Asia's largest tulip garden, adding to its diverse agricultural achievements. The gross cropped area has witnessed a rise to 12.50 Lakh Hectares as a result of enhanced cropping intensity.

State Single Window Portal

J&K has come up with State Single Window Portal (InvestJK) for providing ease of application to investors, who are looking to start a business in the UT. Applicants/Investors can submit application thrssough Single Sign On(SSO) for all the services/NoCs required from stakeholder departments. All respective departments are integrated with Single Window Clearance system (InvestJK) to enable single point access for all the functionalities like tracking application, MIS Dashboard access, Grievance redressal, feedback etc.

The SSO provides ease to Investors and he/she doesn't need to visit different department portals for different services and everything gets governed and submitted through State Single Window Portal.

Workflow procedure

Investors will create login credentials at https://www.investjk.in/ (OTP enabled)

- ► Applicant/Investor will first define project details and enter information "Whether Land/Establishment is required or not"
- ► If applicants don't have any Establishment/Land, he/she can apply for Land Availability Application and submit the application
- ► Application will be scrutinized at SICOP/SIDCO, after that permission will be granted
- ► Once the applicants receive Land Allotment order, they will fill Common Application Form for one time after which CAF ID will be generated
- ► If applicants have land, they will fill the required details and proceed for CAF as defined above
- ► After the issuance of CAF ID, the Applicants will be asked to fill Q-Logic (set of questions)/Select Department services based on which number of approvals will be viewed which needs to be applied with line departments
- ► Existing Applicants who have already filled CAF don't require to opt for Q logic as they can directly add/select service from the drop-down list
- ► Once the applicant applies for the service, department will ensure that service will be given within prescribed timelines
- ► All the applications integrated with different department will be routed/applied through Single Window Clearance System only
- ► Integrated department functioning will remain unchanged and same, but all the activities performed will be tracked by applicant through Single Window Portal only
- ► There would be only one portal for applicants to track down the status of applied Applications
- ► Applicants can also view MIS Dashboard status, put Grievance if any through Single Window portal
- ► Applicants can track down the status of multiple clearances through Single CAF ID
