Overview of Jammu and Kashmir

The former state of Jammu & Kashmir has been reorganized as the Union Territory of Jammu and Kashmir on 31st October 2019. Popular by the sobriquet "Heaven on Earth", the State is located in the extreme north of the country, with China in the north, Punjab and Himachal Pradesh in the south, and Pakistan in the west. The economy of Jammu and Kashmir primarily relies on agriculture and related sectors, with a significant portion of the population engaged in agricultural and allied activities.

UT Capital	► Jammu (Winter) ► Srinagar(Summer)
Geographic Area	► 1,20,355 sq. km
Population (Census 2011)	► 12.5 Million
Total Road Length (2019)	► 1,20,034 (km)
Industrial Estates	 64(Developed) 46(under development)

Advantages of Jammu and Kashmir

- Hydroelectric Power Potential of 14,867 MW
- 7.6 lakh + MSME units
- 6th in Solar Power Installed Capacity
- Known as the Fruit Bowl of India
- Home to World's Finest Saffron . J&K is the largest and the ONLY producer of Saffron (one of the most expensive spices) in India
- Successful in the cultivation of high-quality basmati, saffron, cumin (jeera), and commercial floriculture
- One of the lowest Industrial Land Rates among neighbouring States

Local Handicraft and Handloom Ecosystem

Jammu and Kashmir's (J&K) oldest traditional cottage industry is the handloom industry. It is known for the weaving of fabrics, such as Rafal, Pashmina, cotton, and silk sarees. Since it has a vast potential for income and employment generation, the handloom industry has exceptional socio-economic implications. Weaving by hand is centuries-old tradition and is one of the main characteristics of the cultural heritage of J&K. The handloom industry is highly labour-intensive coupled with a low capital formation. Weaving is a totally pollution-free activity, and therefore, the handloom industry is also eco-friendly in nature.

In contemporary times, there is a special place for the handloom industry in J&K's economy as a result of its momentous potential as far as income, output, and employment are concerned. In the beginning of the 21st century, the growth rate of the handloom industry was little less than 30%, which then decreased for some years and again saw a rise after a brief period of decline. But, after COVID-19, like other industries, handloom weaving also experienced a profound crunch in J&K. Lockdowns and social distancing resulted in a severe economic shock to its economy and the handloom industry was no exception. This industry gives employment mostly to the uneducated and dropouts, and only 5% of the total workforce associated with this industry are educated.

Handicraft:

Handicrafts activities occupy an important position in the economic structure of J&K UT. The handicrafts activities are best suited to the UT as these activities are more labour intensive and less capital intensive in nature, therefore having scope for employment generation opportunities at large scale. J&K handicrafts products have won world wide fame for their attractive deigns, functional utility and high quality craftsmanship. Handicrafts has remained a key economic activity from the time immemorial. The nimbleness and dexterity of local artisans coupled with their artistic imagination reflected through a wide range or products has delighted the connoisseurs the world over for centuries. Craft like embroidery, shawls, crewels, namda, chain stitch, wood carving, papier machie, costume, jewelry, kanishwals and carpets hold a significant share in the overall production and export of the UT. Silken carpets in particular constitute a specialty having no parallel in quality and design at national level and, therefore, occupy an important position in the international market. The handicraft sector of the UT has great contribution towards foreign exchange earnings to the country in and our UT in particular.

J&K UT has a well established Directorate working under the industries and commerce department for promoting handicrafts activities by way of forming co-operative societies to get the artisans gainfully absorbed..The department promotes sale of handicraft goods by organizing expose/exhibition/craft bazaars within and outside the UT. It also organizes exhibition at international level also skills are imparted trainees annually for which it has a structure of training centres (including centers of carpet scheme).

Handloom:

The Handloom sector in J&K UT is centuries old and is known for weaving of fabrics like Pashmina, Raffal, Silk Sarees and Cotton items. The industry occupies a significant place in the socio-economic structure of J&K. It plays a crucial role in employment generation for weaker sections of the society. It is a labour intensive cottage Industry. The Handloom Dev. Department plays a catalytic role in modernization of Handloom Sector in the UT through skill up-gradation of weavers by providing modernized looms, training in design and weaving, marketing of Handloom products through marketing incentives and by fostering participation of weavers in National, UT and District level Handloom Expos and Melas.

SWOT Analysis of Handloom and Handicraft products					
Strengths	Weakness				
 Availability of skilled workforce particularly artisans Ever-growing large international market Traditional Handicraft, hand-weaving done in the craft. Abundant and cheap labour hence can compete on price Aesthetic and functional qualities New unexplored international markets Direct link with "Make in India" programme Use of environmentally friendly raw materials Large no of exporters catering to international market. Silk Carpet of Srinagar has a G.I.Tag High market demand all over the world. Availability of antique carpets. Presence of National Institutes like IICT Srinagar 	 Poor working conditions Dependent upon middlemen for trade Lack of technological upgradation (Unawareness of international standards like ISO 16000-25:2011, ISO PAS 11856, ASTM D2859, ASTM D 7339 etc. Negligible financial assistance from financial institutions Traditional method of production No change in design, lack of product diversification Higher machinery cost Marketing is done traditionally (offline), online presence is negligible. Major Raw Materials like silk is being imported from China; domestically from Bangalore, Ludhiana, Surat. Low technical expertise on processing wool, dying, cutting, cleaning, packing of H&H Products Finishing and washing facilities are not sufficient. Minimum G.I Tag Marketing thus losing the market to counterfeits. No Common Facility Centre (CFC) or Flatted factory infrastructure having advanced technology or job -related work catering to cluster. Over reliance of Traditional Design thus not catering to modern designs/current designs in the market. 				

	 disadvantage as there is no ICDs in the Union Territory. No NABL Accredited Testing Laboratory in J&K.
Opportunities	Threats
 Rising appreciation for Kashmir Handloom and handicraft worldwide. Widespread novelty seeking Change of preference from oriental design to abstract design Large discretionary income at disposal of consumer from developed countries Various Central and State Government Schemes for benefit of Weavers/artisans Huge Export Potential Opportunity to use E-Commerce Platforms like Flipkart, Amazon. ICDs being developed in the UT. Promoting Awareness and Marketing of GI Tag both domestically and internationally. 	 Competition from machine made products of China, Turkey etc which are being mistaken as "Hand-made products" Competition with other clusters manufacturing similar items Better terms of trade by competing countries Change in Government policies such as imposition of GST Strict international standards

Key Handicraft and Handloom Highlights

Pashmina Shawls: Jammu and Kashmir are famous for their exquisite Pashmina shawls, made from the wool of the Changthangi breed of goats. These shawls are renowned for their softness, warmth, and intricate craftsmanship.

Kashmiri Carpets: Hand-knotted carpets from Kashmir are renowned globally for their quality and intricate designs. The skilled artisans use traditional techniques, creating masterpieces that often feature Persian and Kashmiri motifs.

Paper Mache: The art of paper mache is deeply rooted in Kashmiri culture. Skilled artisans craft beautiful and ornate items such as vases, bowls, and decorative pieces using a combination of paper pulp and traditional paints.

Kani Shawls: Kani shawls are another specialty of the region, featuring intricate patterns woven with the 'Kani' needle. These shawls often depict nature, flora, and fauna, showcasing the artisan's attention to detail.

Kashmiri Embroidery: Renowned for its detailed and fine embroidery work, Kashmir offers a variety of traditional styles such as Aari, Sozni, and Tilla. This intricate needlework is often found on shawls, suits, and other clothing items.

Walnut Wood Carving: Jammu and Kashmir are known for their exquisite walnut wood carvings. Artisans craft furniture, decorative items, and intricate wooden boxes using this traditional craft.

Namda Rugs: The region produces Namda rugs, made from felted wool. These rugs are not only functional but also feature colorful and intricate designs, often depicting scenes from daily life.

Crewel Embroidery: Crewel embroidery is a traditional craft involving the use of chain stitch on fabric. This technique is commonly used to create vibrant and beautiful patterns on rugs, cushion covers, and curtains.

Basketry: The traditional art of basket weaving is prevalent in Jammu and Kashmir. Skilled artisans use locally available materials to craft a variety of baskets, mats, and other utility items.

Numdha Craft: Numdha is a traditional felted rug, often embroidered with colorful threads. This craft not only serves functional purposes but also adds a touch of traditional artistry to homes.

Major Development Initiatives

- New Central Sector Scheme notified in 2021 for the Industrial Development of J&K, with an outlay of INR. 28,400 crores
- Jammu & Kashmir received a proposed investment of worth ₹ 87,923 Cr
- Highest-ever Incentive to Industry @ 400% on P&M
- Major Infrastructure Development Rail and Road connectivity, PFT, Industrial land and CFCs
- Prime Minister's Development Package: 39 Infra projects ongoing/in pipeline
- 5.9 million tonnes of lithium reserves have been found for the first time in the UT

Policy Initiatives:

- J&K Industrial Policy 2021
- J&K Industrial Land Allotment Policy 2021
- J&K Private Industrial Estate Policy 2021
- J&K Ayush Policy 2020
- J&K Health Investment policy 2019
- J&K FDI Policy 2022
- J&K Film Policy 2021
- J&K IT & ITeS policy 2020
- J&K Poultry Policy 2020
- J&K Tourism Policy 2020
- J&K Township & Housing Policy 2020
- J&K Wool Processing, Handloom and Handicraft Policy 2020
- Change of Land use
- Logistic Policy, Export Policy, Startup Policy, Private Industrial Estate Policy(Drafted)

Policy Ecosystem

New Central Sector Scheme for Industrial Development of J&K

- This scheme was notified on 19.2.2021 by the Department for Promotion of Industry & Internal Trade (DPIIT) to bring about radical transformation in the existing industrial ecosystem of J&K, thereby enabling Jammu and Kashmir to compete nationally with other leading industrially developed States/ UTs of the country
- The Scheme aims to give fresh thrust to industry and services led development of J&K with emphasis on job creation, skill development and sustainable development

by attracting new investment and nurturing the existing one, The scheme is for the duration of 2021-22 to 2036-37 with total financial out lay of Rs. 28,400 crore and envisages four types of incentives namely

Capital investment incentive (CII)

o For Zone A - CII @30% of investment, maximum up to INR 5 Cr

o For Zone B - CII @50% of investment, maximum up to INR 7.5 Cr

Capital interest Subvention (CIS)

o CIS at the annual rate of 6% for maximum 7 years on loan amount up

to INR 500 Cr for investments

- GST Linked Incentive (GSTL)
 - GSTL Incentive equal to 100% of the gross GST for 10 years maximum upto 300% of eligible value of investment.
- Working Capital Interest Subvention (WCIS)
 - WCIS is 5% Interest subsidy for existing units on working capital loan for 5 years, maximum up to INR 1 Cr

Jammu and Kashmir Industrial Policy

- Policy is effective from Apr-21 and will remain in force for 10 years
- Policy to provide incentives to New, Existing units and Existing units undertaking substantial expansion
- New units to get 100% exemption of stamp duty
- Units to be incentivised for investment in pollution control equipment and adopting environment friendly production technologies
 - \circ 60% of the cost of Pollution Contron Devices maximum of INR 50 lakhs
 - \circ 50% subsidy on the expenditure incurred
- Additional support to existing units
 - Turnover incentive for 5 years of 3% for Micro and 2% for small, medium and large units
 - Net SGST reimbursement for 10 years

J&K Industrial Land Allotment Policy

- The 'Industrial Land Allotment Policy 2021-30' was approved to pave way for investments in health institutions, medicities, educational institutions and educities in the UT
- The adoption of the J&K Industrial Land Allotment Policy 2021-30 was approved to evolve a highly structured industrial land bank for promoting equitable industrial growth in the union territory

Policy for promotion of Foreign Investment in J&K

- The Jammu and Kashmir administration approved the first-ever foreign direct investment (FDI) policy for the union territory in Feb-22, based on the guiding framework on FDI issued by the Government of India through the Reserve Bank of India (RBI) and the Department for Promotion of Industry and Internal Trade (DPIIT), it will be valid for 10 years
- The policy would aid foreign investments of over Rs. 100 crore with a minimum stake of 51 percent for the foreign entity
- It will pave the way for identifying parcels of land in various industrial estates "to be given exclusively to industries with foreign investments, including vertical rise premises in the form of multi-purpose buildings, complexes, with plug-and-play facilities

J&K Poultry Policy

- Policy to be effective from 11.03.2020 and will remain in force for 10 years
- Capital Investment Incentive for access to credit @30% max up to INR 50 lakh
- 100% subsidy on DG sets max up to INR 4.5 lakh
- Capital Interest Incentive @3% on working capital for 5 years on substantial expansion
- ▶ 50% subsidy on incinerator max up to INR 1lakh
- > 100% reimbursement of insurance premium paid on P&M for 5 years
- > All new/existing units, farmers, entrepreneurs, NGOs. SHGs, JLGs etc are eligible

Single-window clearance mechanism

APCC, a high-power clearance committee, has been set up to rapidly clear projects under the chairmanship of the Chief Secretary of the UT. The committee serves as a singlewindow clearance system for projects related to all cases of export-oriented units and prestigious units

Process Flow:

Proposal sent for review to APCC, which is chaired by the Chief Secretary of UT and relevant secretaries

Land allotment and provisional registration

The entire procedure is completed within a maximum time-frame of two months

State Single Window Portal

J&K has come up with State Single Window Portal (InvestJK) for providing ease of application to investors, who are looking to start a business in the UT. Applicants/Investors can submit application thrssough Single Sign On(SSO) for all the services/NoCs required from stakeholder departments. All respective departments are integrated with Single Window Clearance system (InvestJK) to enable single point access for all the functionalities like tracking application, MIS Dashboard access, Grievance redressal, feedback etc.

The SSO provides ease to Investors and he/she doesn't need to visit different department portals for different services and everything gets governed and submitted through State Single Window Portal.

Process flow for an investor looking to start a business in J&K

Workflow procedure

Investors will create login credentials at https://www.investjk.in/ (OTP enabled)

- Applicant/Investor will first define project details and enter information "Whether Land/Establishment is required or not"
- If applicants don't have any Establishment/Land, he/she can apply for Land Availability Application and submit the application
- Application will be scrutinized at SICOP/SIDCO, after that permission will be granted
- Once the applicants receive Land Allotment order, they will fill Common Application Form for one time after which CAF ID will be generated
- If applicants have land, they will fill the required details and proceed for CAF as defined above
- After the issuance of CAF ID, the Applicants will be asked to fill Q-Logic (set of questions)/Select Department services based on which number of approvals will be viewed which needs to be applied with line departments
- Existing Applicants who have already filled CAF don't require to opt for Q logic as they can directly add/select service from the drop-down list
- Once the applicant applies for the service, department will ensure that service will be given within prescribed timelines
- All the applications integrated with different department will be routed/applied through Single Window Clearance System only
- Integrated department functioning will remain unchanged and same, but all the activities performed will be tracked by applicant through Single Window Portal only
- There would be only one portal for applicants to track down the status of applied Applications
- Applicants can also view MIS Dashboard status, put Grievance if any through Single Window portal
- > Applicants can track down the status of multiple clearances through Single CAF ID

Employment Tab

Under Employment tab of CAF, Investor have to mention employment details regarding the project. Here investor have to specify the number of skilled and unskilled male and female employees in the project.

General	Address	Project Cost		Employment		Line of Activity
he of Activity *						
activities Search						
Search Activities						
ctivity of Enterprise *) Service					
-Select			٠			
NIC 4 Digit Code *						
Select			۰			
IIC 5 Digit Code *						
Select			٠			
Add NIC +						
Activity Type		NIC 2	NIC 4		NIC 5	Actio
ict of Daw Mat	torigle to be Us	ad				
Add Row Material	Tendis to be os	seu				
Name of Raw Materia	a e					Action

In Line of Activity tab, investor must fill all the information regarding the line of activity of the project. All the fields here are mandatory. Line of Activity- Investor must specify the line of activity of the project.

Activities Search-Investor can select the activity from the dropdown list. The dropdown list is dynamic so it will help user with the search by just typing a keyword.

Activities of Enterprise-Manufacturing or Service (Radio Button)-Investor specifies the type of activity weather it is manufacturing or service. NIC Code-The NIC Code is a classification system that enables one to classify the business activities. It is a numeric code in the form of a 2-to-3-digit code, a four-digit code, and a five-digit code. NIC 2 Digit Code, NIC 4 Digit Code and NIC 5 Digit Code are mandatory fields that are automatic ally populated as we enter the activity by search activities. Investors can also manually enter these fields. After, all the mandatory fields are filled the investor have to click on Add NIC and the selected fields will now be displayed in a tabular for mass own in the following screenshot as an example.

Add NIC +				
Activity Type	NIC 2	NIC 4	NIC 5	Action
manufacturing	13 - Manufacture of textiles	1311 - Spinning, weaving and finishing of textiles Preparation and spinning of textile fibres	13113 - Preparation and spinning of wool, including other animal hair and blended* wool including other animal hair	Delete

Similarly, investor can add raw material by clicking on the button Add Raw Material. Now, User can save or save as draft (In case of further entry or edit) and now CAF has been added successfully.

Apply for Services

After login, select My Service List from the left side menu and click on "Add New Service" button.
