- III. Details of Fees

Open Network for Digital Commerce (ONDC) is a not-for-profit company registered under Section 8 of the Companies Act 2013. However, ONDC will levy a nominal ONDC Network infrastructure development and services development fee to all NPs for each transaction conducted through the ONDC Network. The fee will ensure that ONDC can continue providing reliable infrastructure services to the Network ecosystem, while adhering to its not-for-profit principles, and also make further investment into the ecosystem for sustained growth and innovation.

The below URLs outlines guiding principles for charging fees for onboarding MSME and small businesses on to the ONDC platform.
